

Our senior year, the zenith year, has come at last. 1947, 1948, and 1949 have provided an invaluable foundation from which we advance into 1950. Now we are no longer confused and muddled strangers. We know the rooms and recognize the faces; we are a part of Withrow and it is part of us. The final stirring strains of "Minstreleers," the day our football team left the gridiron victorious, the thrill of rounding the track to the pulsating rhythm of "Pomp and Circumstance" — these vibrant experiences have grappled us together with an ever-strengthening hold.

One of the most significant honors which may come to a Junior is his election to **Senior Council** in the spring. As the governing body of the Senior Class, the Council selects Graduation Announcements, prepares the Class will and Testimony, and outlines the graduation program.
