

The gleam in the eye of a Freshman as he vocalizes through Choral Music I is the hope of making **Senior Choir**. Reaching his gleaming goal that Freshman needs all the skills acquired through these preliminary classes to sight read, learn, and interpret the vast number of songs studied through the year. The Senior Choir, much in demand, makes many outside appearances, especially during the Christmas season. Participation in the Early and Late Spring Concerts requires extensive work, while entering the District contests demands meticulous perfection. In the Minstrels the choir sang Waring's "Country Style" and selections from "H.M.S. Pinafore."
