

After nineteen years, **Gens Togata**, Withrow's "tribe of togas," still meets each third Tuesday, still translates popular melodies to be sung, still presents hilariously funny programs of burlesqued Roman history, and still has the fun these lively linguists know how to enjoy. The Latin banquet climaxes the year's social events and is one of the highlights of the schedule. Through the efforts of the club sponsors, Miss Grove and Mrs. Maish, Latin has become a "living" language.

Everybody attends the Latin banquet, even our text book heroes Prometheus, Atlas, and Hercules.

Latin Clubs refute myth that these are dry subjects.
