

Drawing a large membership from all classes, the **Tennis Club** offers followers of this outdoor sport an opportunity to increase their skill. Since the group is quite large, it is divided into two sections, the beginners and the more advanced players. During the warmer months the courts, both artificial and clay, are supporting a good set of tennis while still others watch or are instructed in the finer points by Mr. Harold Sherman, their well-liked sponsor.

Participants in any boys' sport who are qualified to wear the varsity letter are eligible to join **Tiger Club**, elite athletic organization. Main goal of the year is the presentation of their scholarship to a deserving athlete. This year was unique in their history since, in order to raise money for this award, they held the first annual "Tiger Growl." Highlight of the evening came when "Nim," popular coach and instructor, brought out his kilts and bagpipe.
