

The breadwinners of the Withrow Annual do the job and do it well. Our **ad salesmen** very generously loan us their talents at selling space (for a price). Theirs is the headache of helping to meet the deficit which is the result of offering the Annual to Withrow students at its current reasonable price. The Withrow Annual ad section has been commended by the National Scholastic Press as one of the most unusual such divisions in the U. S. Well done, kids!
