

December

- 2 — The United Nations Institute was held today at Walnut Hills High School.
- 5 — Hurrah! We played Terrace Park this evening and WE WON 48 to 47. (Basketball that is). It was an exciting game from the first to the last basket.
- 7 — Another auditorium session today. Strictly high-brow. It was an award assembly. Letters were awarded in scholarship, music, service and sports. Big blue 'W's' and big broad smiles highlighted the afternoon.
- 8 — Today is the boys' turn to have a private assembly. Don't pout girls, we had our turn.
- 11 — We all received our little white cards today. Of course, there was no red on yours, or was there?
- 12 — Something very unusual happened today. We had a Talent Assembly. It was complete in every detail from the rhyming mistresses of ceremonies to a happy musical ending.
- 14 — The Junior Town Meeting of the Air was transcribed here today. The topic was, "Do Our Schools Really Train for Good Citizenship?" It will be broadcast at a later date.
- 20 — Our parents came to school again tonight for a Christmas Program presented by the Band, Choir, and Speech Department. It was very effective.
- 22 — Jingle Bells! Jingle Bells! Merry Christmas — Happy New Year, and so long for a while. We want to thank Mr. Moeller for letting the choir walk through the halls singing carols. We really had the Christmas Spirit.

January

- 2 — We heard ourselves on the radio this evening. It was simply thrilling. What was the occasion? Why, Junior Town Meeting, of course.
- 5 — We played Walnut Hills there tonight. The score was close all the way to the last quarter, then they scored a few more baskets and pulled ahead to win 40 to 55.
- 9 — The by-word for today is "peaches." That's what we all plan to say when we face the camera to get our group picture taken.
- 12 — The G. A. A. has a splendid team this year. The girls went to volley ball play day at Withrow where they did a wonderful job of keeping that ball up.
- 17 — Orchids to you forty-four pupils on the honor roll as of today. Congratulations kids, and keep up the good work.
- 19 — Yea-a-a. We did it. We won another basketball game today. This time we slaughtered Mt. Healthy 40 to 26. Some score eh?
- 24 — Exams, exams, and more exams! Well, don't let them get you down. They're the last ones we'll ever take, I hope.
