*o Dear to Our Hearts*

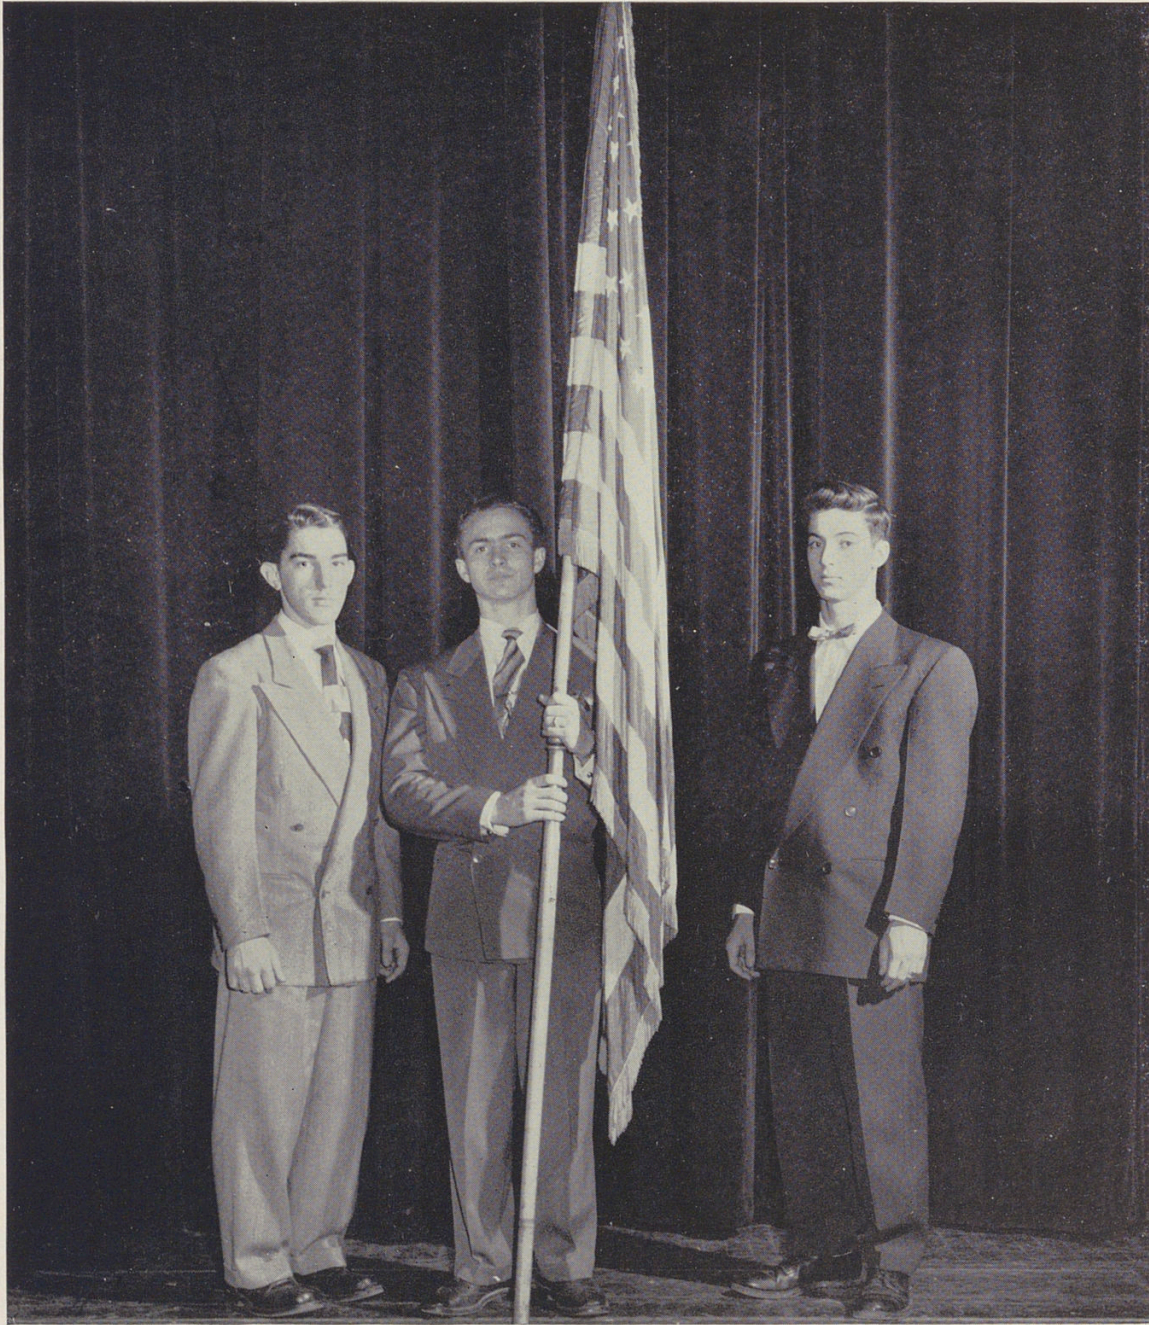

*the football games, the assemblies, and the Bulldog,  
the lunch hour and the Hi-Capades, the clubs and the  
walks in the halls, the dances and our classes — and, in  
the years to come, our memories will make Woodward ever  
dearer to the hearts of those of us who know and love her  
now.*

WILLIAM WOODWARD

*he Color Guard of 1951 is entrusted with the respectful care of the symbol of democracy, free enterprise, and equal opportunity for all — the flag of the United States of America.*

Kenneth Johnson, William Bruce, Troy Earhart

An administrator of a large school such as Woodward is presented with many problems. He must have the patience, skill, and leadership to help find desirable solutions to many difficulties. We are very fortunate, indeed, to have been guided by just such a person, our own principal, Mr. Moeller.

Although Mr. Moeller has been at Woodward only a year, he has already won a place in our hearts as a true and understanding friend. This may be due to the fact that he is a former graduate of Woodward High School and still holds his Alma Mater dear to his heart. The reflection of his love for old Woodward shows in his enthusiastic efforts to perfect Woodward and the Woodward students. We hope that we have shown Mr. Moeller that the same true Woodward spirit exists today as when he spent four happy and successful years here.

"So Dear to Our Hearts," the theme of our 1951 Annual, is most appropriate. Certainly, Woodward High School becomes dear to the hearts of all those who become involved in the life of the school. Aimed at developing the dispositions and abilities needed to secure and maintain good health and physical fitness, using leisure time in right ways, sustaining successfully certain definite social relationships and engaging successfully in vocational activities, Woodward's contribution to her students has been most significant. The long and glorious history of Woodward is testimony to the fact that our school has done an outstanding job for one hundred twenty years. Those of us who have been privileged to receive our secondary school education at Woodward cannot help being everlastingly grateful to this magnificent institution. Woodward will be ever dear to our hearts.

The theme is important also because it points to the importance of our associations and friendships here at Woodward. Friendships begun in high school are often lasting. The importance of friendly relations with our associates cannot be overemphasized. Perhaps the most important single responsibility that each of us must accept today is that of fostering the best possible relations with those with whom we come in daily contact. If the peoples of the world accept this responsibility, our present crisis can and will be overcome without total disaster. If we in the high schools learn how to do this, there is hope for world peace in the future. In this respect also, Woodward will be dear to our hearts

W. L. Moeller

The purposes and goals of the universe as established by our Creator will be met. Each of you has his part to play in their fulfillment. When the time is right in His scheme of things events will take place. Things and people will change — but these purposes never!

Frequently these events and your purposes are out of focus — you are confused and refuse to accept the inevitable. To do so is to your own detriment. The number of disillusioned and unhappy people in every community is concrete evidence of this fact.

The challenge of youth today is to be strong enough to set the pattern for their lives in tune with the purposes and goals of Him who created us all. There must be no compromise. Your faith must drive you relentlessly toward their attainment if you are to succeed. May you the Class of 1951 be wise enough to make the right choices.

G. H. Van Ness  
Assistant Principal

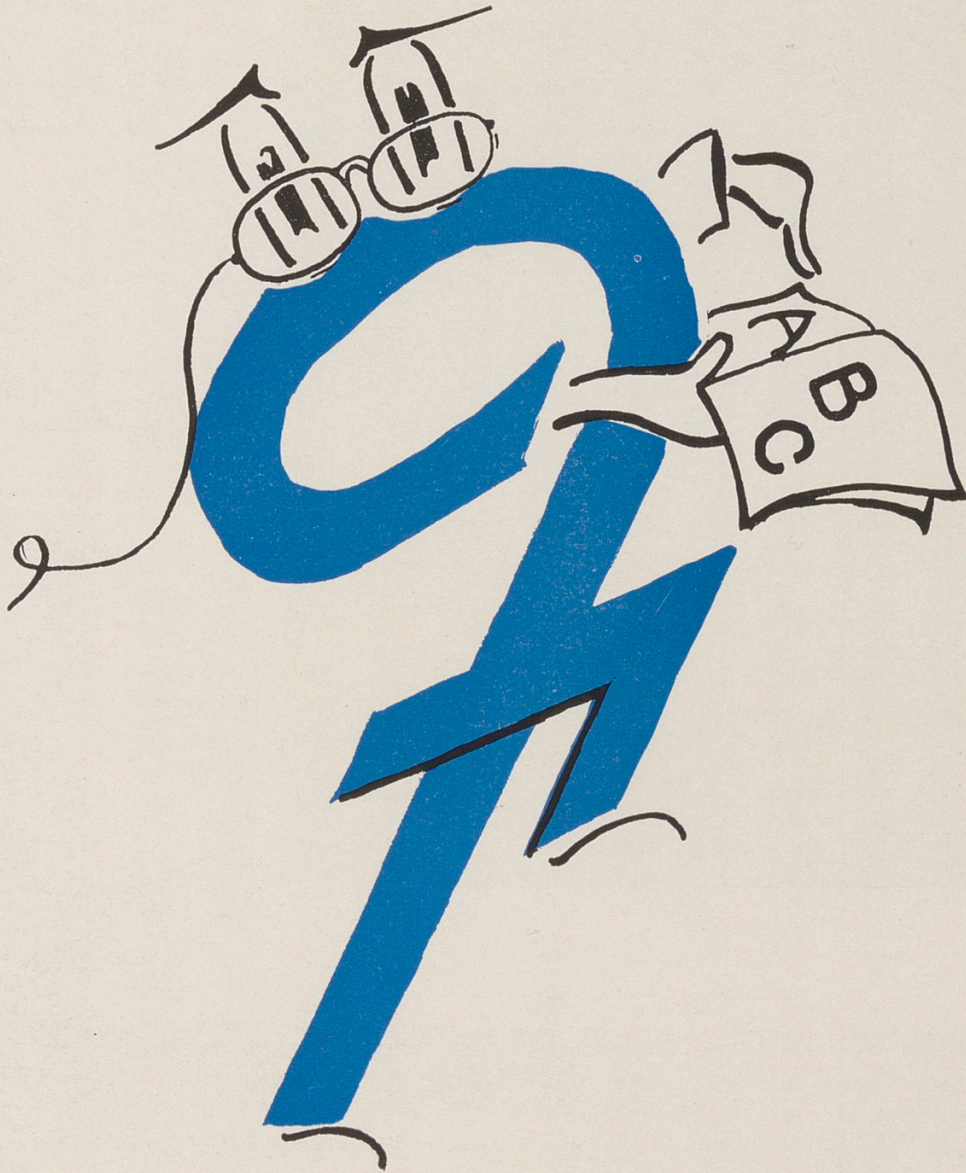

To the graduating class of 1951 I want to extend sincere congratulations and best wishes.

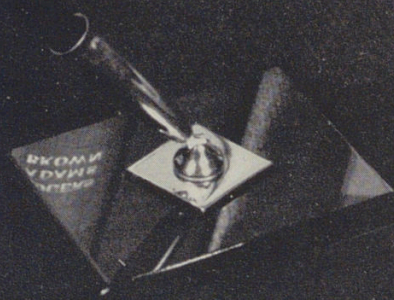

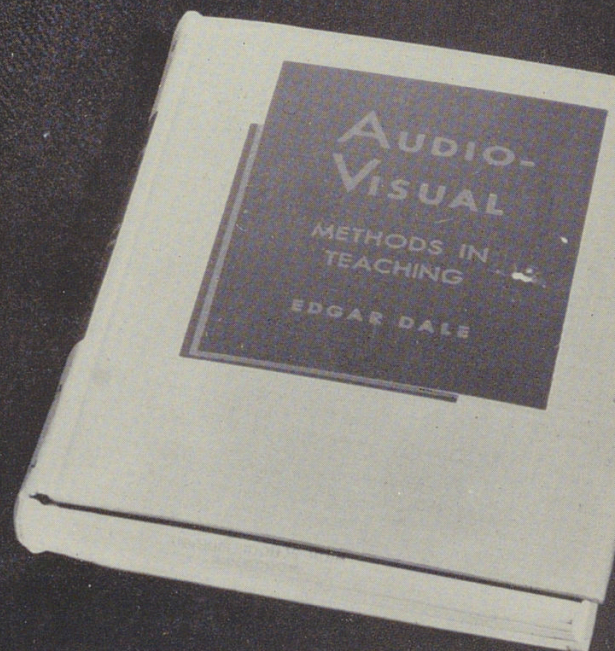

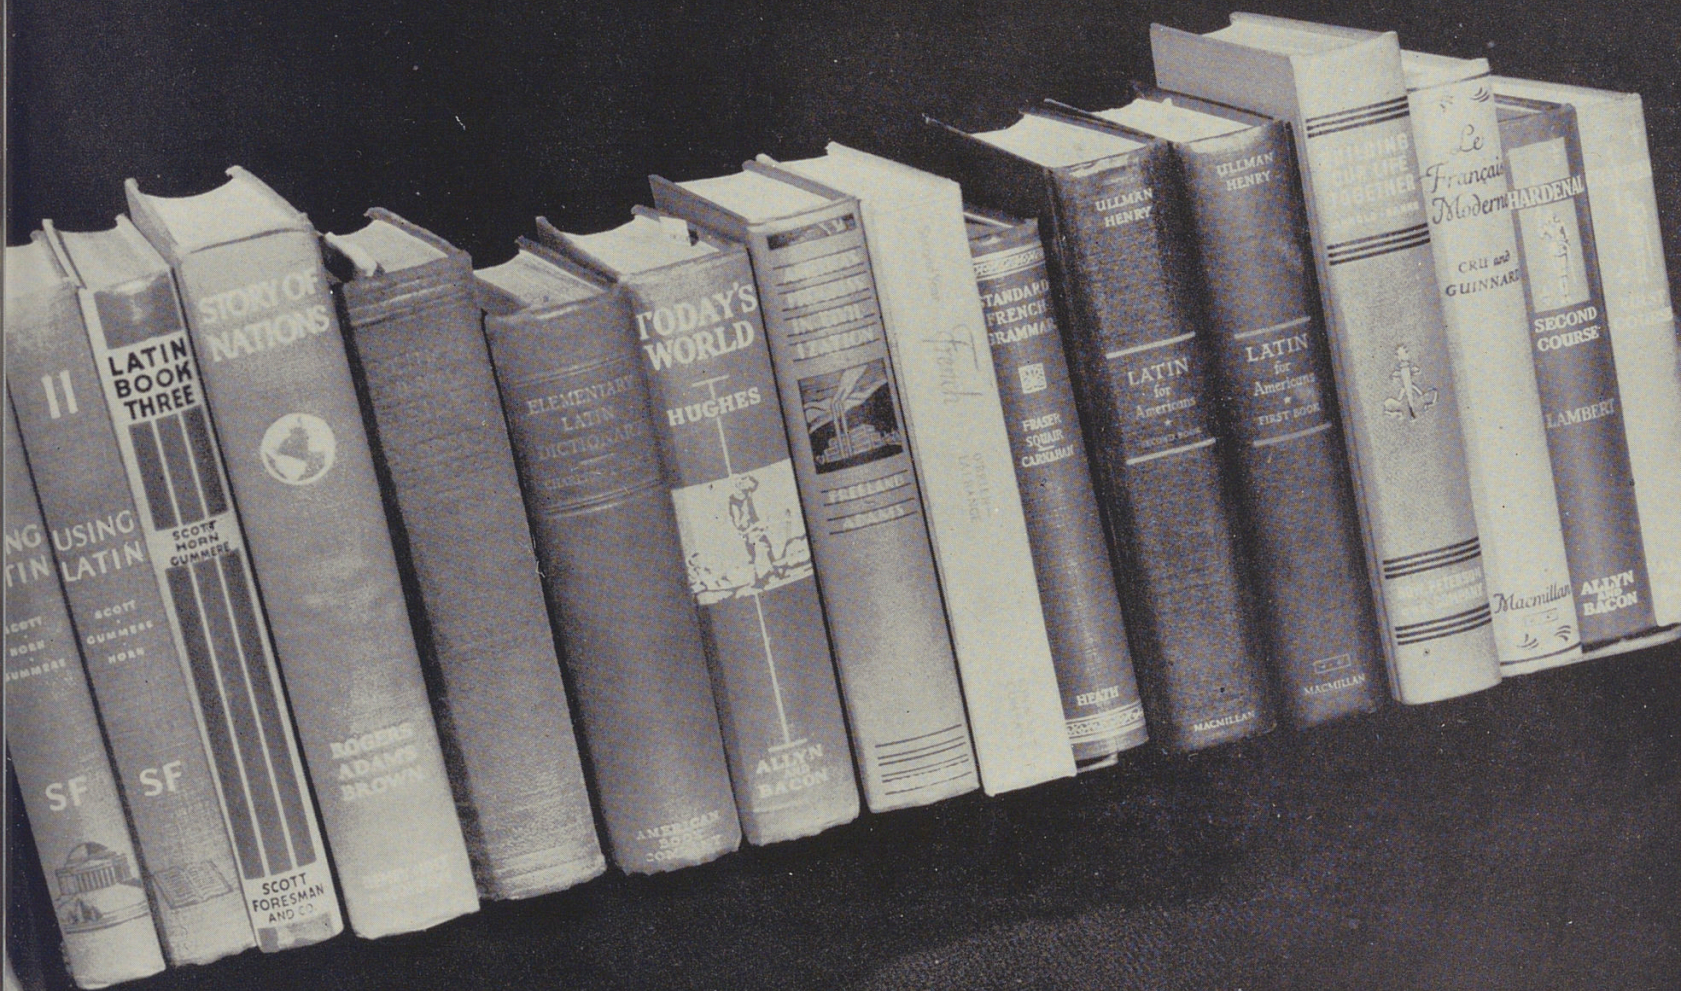

At this time of world uncertainty I particularly wish the boys "God-speed" and hope that lasting peace may be established soon and that you may be saved the horrors of war. You have completed a long program of work and are now prepared to earn your living and take your place as well-informed citizens. I particularly hope that the graduates of the Commercial Vocational Department will be able to meet each challenge of business life as it presents itself and, through understanding, sympathy, and appreciation, establish friendships which will be lasting and worthwhile.

May the traditions and ambitions inspired by your high school training help you to become loyal members of society. I hope that by the broadening of your experiences and contacts you may assist in bringing about a world-wide peace.

Marguerite Ryan

We, the graduating class of 1951, are faced with the challenge of making a world of peace and security in which freedom is the keynote. We are setting out into a world whose uncertain future depends upon the ability of our generation to govern wisely and well.

As we face the future, we should have no fear in our hearts or lack of confidence in our abilities, because we have received here at Woodward a firm knowledge and thorough preparation for the responsibilities of living in an adult world. In that adult world which we are about to enter we will be faced with many problems which will challenge our abilities to meet them squarely and solve them wisely.

Though we are leaving Woodward, Woodward will never leave us. Throughout our lives we will again and again be reminded of the valuable lessons we have learned here — lessons which will aid us in becoming better citizens and the making of a better and more peaceful world.

# Class Prophecy

June 11, 1969

Dear Lucy,

Tonight has been such a wonderful experience to me that I had to sit right down and tell you all about it. You can remember as well as I, I know, eighteen years ago when we sat through the graduation exercises, and how we wondered if and when we would ever see each other again.

Because my business keeps me moving from one state to another, I very seldom have time to go to the Alumni meetings each year, but I do hear from many of the classmates from time to time. Last night, however, I was very fortunate to be able to attend the meetings at the new Woodward High School building, which has now been used seventeen years.

Upon my arrival at the meeting, I noticed a few familiar faces and, to my surprise, when I approached them, I found MARGARET COLBY, GEORGIA JOHNSON, MARLENE MENIFEE, JOANN AMBROSE, and REATHA MOORE in a deep discussion of medicine.

MARGARET COLBY, who has been happily married for ten years, told us that her cooking has improved steadily, as she had hoped. MARLENE MENIFEE, now a noted psychologist, told us of her new medical center. MARLENE said she had quite a few girls from our class working as professional nurses: RUTH BELLAMY, CATHERINE BRICE, DOROTHY ZIMMERMAN, ELMIRA JONES, IDA LUMPKIN, LUCY McCUTCHEN, VELMA MAHAFFEY, IOLA MAXEY, MAMIE MOORE, MARY PETERSON, MAE WILLA PITTS, FREDDIE RICHARDSON, and MARY ROUDEN.

MARLENE also mentioned someone else who now headed a school for training nurses, EVELYN NAUGLE-BAUGH. Helping her in her school are MARY YOUNG, DOROTHY SANDERS, DORIS HARTMAN, BETTY SEARCY, ETHEL SHELTON, CORINNE THOMAS, DAISY TOOLES, BETTY TORREY, OLIVIA WHITTAKER, LOUISE WILLIAMS, ROBERTA WILLIAMS, RUTH BRITTEN, SHIRLEY BROWN, SHIRLEY EDWARDS, EMMA FLAGG, RUTH FREEMAN, HENRIETTA GORDON, DOROTHY HALL, ARNELL AXLE, ALICE BRADLEY, and JOANNE ROBERTS.

JOANN AMBROSE, who has also made quite a name for herself in the field of nursing, told us of her recent meeting with the Medical Association at which she met SAM PACK, GENE HELBIG, GEORGIANNA WASHINGTON, ALGNER BROACH, LAFAYETTE BROWN, VICTOR COLE, and CLARENCE GREEN who had become skilled doctors, and who were also in the same class as we in '51.

I must tell you about the new pharmacist who is at our corner drugstore — WILLIAM ALMOND. BILL told me the other day, as we were discussing "the good old days" that CARL SETTLES and EVELYN HILL had graduated from the same school of pharmacy as he.

To return to the meeting, the next person I saw was SHIRLEY STEPHENS, who is now a stewardess with United Airlines. Also HELEN SEILER and BETTY RYAN are hostesses for T. W. A. Larry Robinson was the pilot of the plane in which I flew to Los Angeles last June on my tour for my company, The Bureau of Wild Life Preservation. In my travels I have met quite a few persons who also travel a great deal — Loretta Carmack, Corrinne Jones, Margie Kitchen, Joann Loftus, Mary Ream, Marian Schuckmann, Dorothy Dunagan, and, speaking of travel, Janice Stephens has certainly done a lot of it since she joined forces with the Greyhound Lines as a "cracker-jack" bus driver.

Gene Carney, Franklin Howard and Paul Smith are all now in the Navy, Charles Davis is sergeant in the National Guard, and the last I heard from Dorothy Gaffney, she, Betty Corns and Marlene Graham had joined the Waves and were on their second cruise around the world. Abe Rankins tells me that he has been a pilot for the Air Force for ten years. Ruth Easterling has also been in the Women's Air Force for a long time.

Speaking of traveling, John Rathburn has become a great geologist now, and just a few months ago, he stopped in to visit me. As we were talking, he mentioned a few familiar names, Sylvester Wright has become a radio technician, John Jones and Clarence Dunaway are successful mechanical engineers, Willie Harris and Abraham Woolfolk have become tops in their line of electrical engineering, while Kenneth Johnson and Samuel Oliver have become foremen in the construction of the New Golden Gate Bridge in Los Angeles. Calvin Miller has been using all his "vim and vigor" in his new machine company.

As Marlene and I stood talking in the new Woodward building, who should approach us but Willie Williams. It has been a long time since I last saw him, and he was overjoyed to see us also. Willie is now head accountant at a new firm in Chicago, and his secretary is none other than Delores Thomas. The manager of the firm is Rudolph Hughes — yes, also a graduate of '51. He has four secretaries in his outer office and who might they be? Dorothy Tate, Bernice Washington, Stephena Stephens and Muriel English. Willie also said that nearby is the Employment Agencies of Chicago and the highest civil service job there is being held by Napoleon Hughes. Working with him is Thelma Kennedy.

Also in the business field, Martha Rogers, Lillian Jones, Tressa Long, and Jewel Penman have become very efficient secretaries for large firms in New York. Marguerita Miller, Norma Dean, Marian Powell, and Madeline De-Marcia have gone into Business Administration and have their offices in the Carew Tower. Norma's secretary is Muriel Phipps, and down the hall from Norma's office one can hear a typewriter speedily tapping away. The push behind all this power is Pearl Gaines who is typing up reports for her boss, Clinton Reynolds.

Benjamin Smith now owns a chain of drug stores called the "Smith Drug Company." In his administrative office are Vanier McDowell, Lorneta Donaldson, Marjorie Edmondson, Dorothy Reid, and Billie Daniel. Marvin Cox, and Juan Brooks have a store selling sport articles which has become well known around the East.

Donald Burston has climbed the ladder to fame and in his office, Hortense Carr operates the office machines and Paul Sims is his head bookkeeper.

William Turley has a dancing school which is running in close competition with Arthur Murray.

Oh Lucy, I must tell you about the new school. It is a beautiful building, but the most surprising thing is that a great number of our graduates are teachers here. Mildred McDonald and Arnolda Mundy are art teachers; Willa Bell and Lamar Cox have become Public Speaking teachers; Donzella Logan teaches tennis to the gym classes of whom Vivian McHaney is the head; Lillian Smith is a Home Ec teacher, dealing exclusively with sewing; William Brown and Anna Yee are science teachers; Betty Roberts and Barbara Suhr are English teachers; Clarence Mahan is the athletic coach; and Robert Smith teaches music.

In the new Commercial School, located at Central Vocational, Annie Ruth Bryant is a teacher. Also in the Elementary School which has just been completed, Elaine Allen, Katherine Curry, Norma Ragan, and Eloise Maxwell have told me they are teaching small children writing, reading and manners.

There were a few people who also weren't at the meeting who were interested in school and college. The last I heard from John Karagianis, he, Harry Himes, and Norman Egner were studying Business Administration in college. Janie Scott had also planned to take up Business Ad.

Troy Earhart came over to say "Hello". He was always interested in sports and now he is a coach of a football team in Miami Florida. The name of the team is the "Earhart Panthers", of course. Not only did Troy do well in sports but also Ronald Wilson and Richard Baird, who are on a big league basketball team in Pittsburgh. Winford Hall has become another of the Yankee fans, but only more so for he is on the team; Mitchell Cobb has joined ranks with the Brooklyn Dodgers so now we should see some real action. Jack McCleary has also become a coach along with Charles Favors at the University of Michigan.

Pearl Hutchison and I had quite a long talk — (Now, Lucy, you know that I never say a word!). She is happily married and has two beautiful children. She wasn't the only one that had marriage in mind at the time of graduation. Mildred Woster, Imogene Surber, Mildred Staton, Carol Mansfield, Joyce Shrader, Minnie Fields, Delores Philbin, Dorothy Quigg, Edith Dula, Evelyn Stanley, and Patricia Riley have also become successful wives. But Carolyn Schaffer is as she always wanted — a single, rich woman, who has still the thought of being "young and fancy free".

Johnnie Freeze is ready to attempt the feat of swimming the English Channel, for which she has practiced many long years. Good Luck!

Dessie Brown is still as good looking as ever. She is a Powers model now, or, I should say, has been since she has graduated. She, Thelma Harlow, Iris Johnson, Loretta Cannon and Virginia Farthing are all connected with the Powers Agency. Lucy Woodall and Carrie Wright are employed by the Patricia Stephens Modeling Agency.

Betty Watts, Eunice Wynn, Ruth Holbrook, Reetha Moore, Ernestine Hardin, and Betty Hairston are famous designers of clothes, and their illustrations are in all of the leading magazines. And it is rather well known that Harry Catching is a commercial artist for Vogue; George Linville draws illustrations for the New York Tribune; Paul Bushle is an artist for "Seventeen"; Gilbert Berry does art work for Saks Fifth Ave. His partner is George Whitaker. The models I mentioned have, on many occasions, seen these artists who have done well.

James Wooten has his own office for interior decoration, as have Marian Graf, and Sara Garmon. Thelma Whitfield has just finished the plans for the home of Margaret Truman.

Along the line of art, Loretta Wulker and Margie Starr have been doing well lately in their business of making greeting cards. Carrie Smith has had some of her paintings in the Look Magazine, while Mary Ogburn has been noted for scenic art work.

Harold Jeter entertained the Alumni with his band composed of Woodwardites of '51. They had just returned from a world-wide tour and played many songs from different countries. In his band were: Adolph Denson, William Johnson, Warren Grace, and Ernest Moorehead. Dorothy Padgett sang for us. I have never heard her sing more beautifully than tonight.

Thurston King has proceeded up the ladder to fame in the music world. Rodney Thacker has played the piano five times at Carnegie Hall and has come several times to Cincinnati for personal appearance tours in a troupe which co-stars Eleanora Schott, another great songstress.

Hurtis Bell is the musical director at the Conservatory of Music; Cornelius Smith is his assistant. And as he told me tonight, many of the people who had been interested in music have graduated from the College of Music to go into professional singing. He mentioned the names of John Daniels, Dorothy Padgett, and Dorothy Hayes.

June Edwards has been on television for sometime, and at this time, she is singing with Vic Damone on his T.V. program on WLW. Lucille West has been very popular with the public for she was voted the number one female songstress according to the latest nation-wide poll. She is singing at present with Johnny Johnston's band — and who accompanies her on the piano, just as she did while they were in school? Kay Hamilton. Barbara Starnes has mixed business with pleasure for she holds a job as secretary to a small firm during the day, and in the evenings sings on various popular radio programs. Pat Nolan, no doubt you remember her too, has become a professional dancer, and a few weeks ago I read in the paper that she and some movie actor had begun plans for a new musical production.

Remember our little majorette, Jeanna Jordan? She has become a well known novelist. Her latest book is called, "How to Become a Secretary in 301". Rose Zimmerman, Jacqueline Holmes, and Mildred Benford, also are noted writers who are always coming up with best sellers.

I do hope you will come to visit me this weekend. I'm sure you will enjoy the trip. And I'll have the best meal prepared for you. We have a wonderful Super-Market here in Roselawn which is owned by Wilbur Berry. I always buy my groceries there for Hollis Berry is such a courteous clerk. There are three fine butchers in the meat department. I'm sure you know them — Clifford Watson, Willie Clay, and Jack Broadus.

Right down the street from the grocery is "Sneed's Beauty Salon". I always go there to get my hair styled by Delores Sneed who won the state award for her original hair styling.

I have heard that Curtis Dennis is a Railway Postal Clerk for the C. & O. I suppose the fact that he was on the track team in school keeps him in condition to get to work on time.

Janet Lewis has become so muscular you wouldn't know her. She took wrestling as her life's profession. I saw her on T.V. the other evening.

Dorothy Carter surprised my husband and me the other evening when we stopped in the Frisch's Mainliner in Mariemont. We had no idea that she was a car-hop there. She was just as surprised to see us. Naturally we got into a conversation about our old friends, and I learned that Dallas Allen, Erma Hill, and Joan Brinker have become long-distance telephone operators.

I went to Shillito's last week to pay some of my bills and I ran into Joe Workman who was the head book-keeper in his department. I learned from him that June Douglas was also working there in the Children's Department. I stopped by to see her and she told me of the many others we knew that had joined the business field. Opalee Price, Thelma Alcorn, Jewell Prewitt, Jean Latscha, and Mary Jones had become private secretaries to managers in the Ohio Life Insurance Co.; Ethel Fartsalas, Lauretta Browning, Lois Case, Sylvia Beckham, Sylvia Alford, and Nadine Keck are private secretaries in the Enquirer Bldg.; Mary Stigall, Joan Wade, Roberta Emerson, Sarah Denney, and Wilma Beckum are secretaries in the Macquire Co. of Los Angeles. There were many others who have become successful secretaries also: Joyce Conley, Delores Yauch, Bertha Frye, Gertrude Schaeffler, Anna Schuerch, Bernice Rouzier, Margaret Conner, Wilma Mitchell, Shirley Mutters, Anita Neely, LaVerne Osgood, Doris Wilson, Pat Toben, Joan Stein, Norma Sharp, Helen Shannon, Wilma Sexton, Joan Schewene, Patricia Harvey, Doris Strunk, Linda Faust, Deloris Feist, Kathleen Fields, Shirley Flach, Nancy Fowler, Mary Gabbard, Margaret Gaston, Imogene Harrell, Shirley Jennings, Marlene Johnson, Carol Johnson Betty Johnston and Gerry Hoopes. There's one thing for sure, there certainly won't be a need for good stenographers as long as we have all of these efficient persons.

John Roberts is a salesman of swimming apparel and in the next building, Charles Hedges owns a book store. Virginia Bonar and Marcia Black help him keep the books in order and take care of all the office work.

When Gloria Barth called me yesterday morning, she told me about all the other girls who had become successful secretaries and office workers. Joan Adams, Cherlee Hoffard, Geraldine Ray, and Mary Grossman are secretaries at Procter and Gamble; Sharlene Mitchell, Pauline Griefenstine, Aileen Prewitt, Mary Elizabeth Tye, and Vivian Hooks have their offices in the Empire State Building in New York. Mary Wilson and Marjorie Heath have become private secretaries at the radio station of WLW. Norma Cowan and Wanda Mercer are office workers in the firm of Macy's in Chicago.

Carol Ismael, Lucy Wuest, Dorothy Kelley, Mary Pelzer, and Mildred Fox are bookkeepers in the chain of Williams' Department Stores across the nation.

Joyce McMillan has become a noted court stenographer. Just a few months ago, I read in the paper of a citation, written by a famous lawyer, Samuel Rowe, given to ten leading court stenographers, and among these I recognized Joyce's name. I heard too that Shirley and Eleyenne Foxx were covering the trials and court cases for their newspapers.

I received a letter from Don Madden today and he has become a leading auditor and businessman. Working in his office are Mary Taylor, Virginia Helton, Virginia Keith, and Nancy Lockard as typists; Anne Feie, Kay Krick and Iva Hale as comptometer operators.

Wesley Page has also become a big businessman, and he has many of the graduates from Woodward in his firm — the Page Lollipop Co. in Chicago. Nan Weis, Vivian Scott, and Catherine Loper are his receptionists; Joan Boehmer his stenographer, and in the various offices are Pearl Glover, Doris Ellison, Margaret Devins, Pansy Covert, Fung Chow, Jo Ann Koch. Bill Race is Wesley's head accountant; Betty Moore, David Sturgeon, Boyd Webster, Mary Hoffard, and James Singleton are his bookkeepers, and Lettie Roberts, Florence Rotte, and Eileen Thrumble are efficient typists.

Betty Bouchonnet has become noted for her talent as a hostess in her luxurious home in Amberly Village.

We also had a few graduates who not only obeyed the law but became a part of it. Shirley Kien became a police woman, and Alan Ware has become an officer in the Forest Rangers; Billey Hays has now been with the State Patrol ten years.

Shirley Marble was as surprised as I when I met her in the library. It seems that she has become head librarian, and Oweida Jones has also become head librarian in the Clovernook branch.

One of the most important fields that any of the Woodwardites entered was that of social work. Thelma Elder, Mamie Pryor, and Mary Alice Burns headed the committee that began the drive for the new park on Lincoln Park Drive. Jewel Buttram, Pauline Estill, Dorothy Scott, Betty Williams, and Ethel Housworth have helped many underprivileged children in Rosetta Hunter's Welfare Home; Lillie Tilley, Dorothy Hill, Dorothy Taylor, and Billy Young have also become famous for their good deeds all over Ohio.

Patsy King now has a group of 182 in her class in church of underprivileged children. Kathryn Sears has fulfilled her dreams of becoming a Salvation Army officer, and Charles Goldsmith has his own church where many attend; Lois Huffman completed her course in the Trevecca Nazarene College and is now a missionary in Italy.

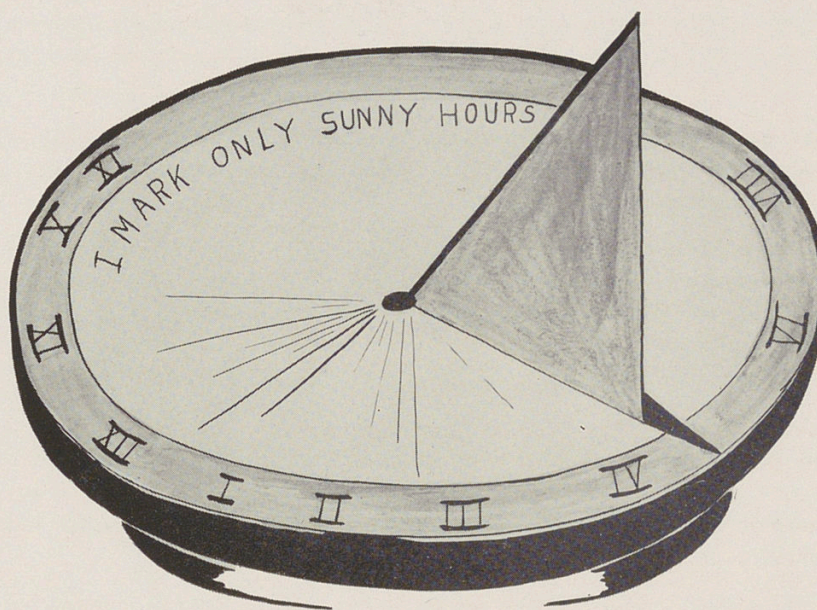

A few of our old friends have gained fame in their own lines: Johanna Schwing is now a dietician; Mattie Gunn has her own beauty school in Hyde Park; Hansel Bailey has a 256 acre farm near Oxford, Ohio on which he raises crops of all kinds.

Well Lucy, here I have run on and on in my letter to you, but I do know you will be happy to hear of all the success the graduates of 1951 have had. I do hope you will be able to come to the Alumni meeting next year and I know you will be as excited as I was to see all the old friends and talk to them once again.

Write me soon,

Your old Woodward Friend,

"Giggles"

## January

- 2 — We heard ourselves on the radio this evening. It was simply thrilling. What was the occasion? Why, Junior Town Meeting, of course.

- 19 — Oh Oh!, by the looks of our report cards we've been spending too much time as stars and not enough time as students. Now that the Hi-Capades are over, maybe we can get back to our books.
- 22-23-24 — Happy Easter everyone! We hope your holidays will be filled with sunshine and all the warm promises of spring. But while your mind is free from the drudgery of school try to answer this age old riddle, "Which came first, the chicken or the egg?"

- 6 — Three particular seniors have a bad case of shaky knees. They are the ones who have been chosen for the try-outs for commencement speaker. The \$64 question is "Who will it be?" Well, I guess we'll just have to wait and see.
- 9 — Commencement rehearsal today! It can't be long now!
- 10 — "Come on legs, get movin'." That's the phrase you'll be hearing around Walnut Hills today. That's right! Track meet featuring Hughes, Walnut Hills, and Woodward.
- 13 — "Strike Three and You're Out!" We play Central today at Deer Creek. Watch out Red and Grey, the Blue and White is really on the ball this year.
- 15 — Arbor Day — this is the day to get down and put your nose in the good warm earth. We'll all be busy planting our little bushes we got for the occasion.
- 20 — Assembly — How we love them.
- 27 — All that practicing sure paid off. What a fine success the Choir made at the Spring Concert for singing groups from all the high schools. This was the last exam day for seniors, at least we hope so.

## May

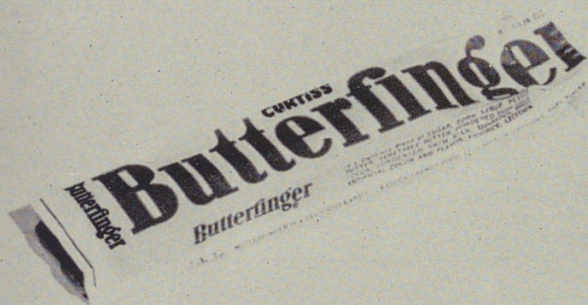

- 1 — Oh boy, our first class day rehearsal. Be sure to keep in step with your partner!
- 4 — Today we saw two wonderful plays given by the speech class. Hollywood stars had better watch out.
- 10 — Another senior rehearsal. We are getting better every day.
- 11 — "The sweetest music this side of heaven" is a phrase that could have readily been applied to our band and choir at our annual spring concert. It was wonderful.
- 15 — Another senior rehearsal today. They are coming quite often now. But who's complaining?
- 25 — Alpha's prom tonight — What a perfectly heavenly time we had.
- 30 — Because of "Memorial Day" school was closed. But let's not forget the real purpose of "Memorial Day" in our joy over being out of school.

## June

- 1 — Exams ??? Oh, those poor unlucky seniors. Well here is our rabbit foot. We hope it brings you luck.
- 4 — Our last senior rehearsal. Only seven more days. We can hardly wait!
- 6 — Class day was as beautiful as ever. It was a day that will always be remembered in our hearts. Congratulations to all the seniors who received honors.
- 11 — Tonight we will be graduated at eight o'clock at Music Hall. Just think we are really leaving for good. It's funny we don't feel as happy as we thought we would. But all good things must come to an end. So we say good luck to all the underclassmen. To our dear and patient teachers we say thank you and may God bless you for all you have done for us.

*Underclassmen eagerly await the day when they too will  
become suave, sophisticated seniors.*

*activities make our years here at Woodward more complete and holds a special place in our hearts. What would student life be worth without them?*

## *Service*

Of the three different fields in which a student may earn a "W", the most highly regarded and the most difficult one is service.

A student may give of his time and energy in order to better Woodward by working on school publications, Student Council, helping in the lunch-room, or any one of numerous other tasks which serve to keep our school functioning smoothly.

In giving service the students who have made these efforts have contributed not only to the advancement of their school but to the building of their own characters. Indeed, they have experienced the satisfaction which comes from unselfish giving.

# *Choir*

The Woodward A Cappella Choir, under the direction of Mr. Abraham Gershkovitz, has this year given faithful attendance and practice in many programs both in and out of school. They have taken part in the sings at the Cincinnati Gardens, Gibson Hotel, Founder's Day, Hi-Capades, Spring Concert, Western Hill Annual High School Sing, The Union Baptist Church, Netherland Plaza, Open House, Cincinnati Symphony and many small performances here at Woodward.

The Choir has sung for eleven years as a robed choir. There are sixty members in the robed section who have helped to make Woodward Choir an outstanding singing group and who have attained a fine reputation for the excellence of their work.

Any student with average musical ability and sincere, hardworking initiative may join the choir. Since attendance is necessary to benefit the individuals as well as the organization, all members must faithfully cooperate at all times.

## *Boys' Athletics*

Under the capable leadership of our coaches and physical education instructors, an intense athletic program was carried out during the course of the year. In gym the boys worked hard while our teams gave their best every minute of competition. At Woodward, as in other schools in the United States, the major emphasis is placed on team work and spirit. This type of training is responsible for the great success of our youth in every field.

The football team was hindered by a lack of experience and managed to win only two of nine games. One victory was in a P. H. S. L. contest over Walnut Hills, the other, an upset win over Dayton Fairborn.

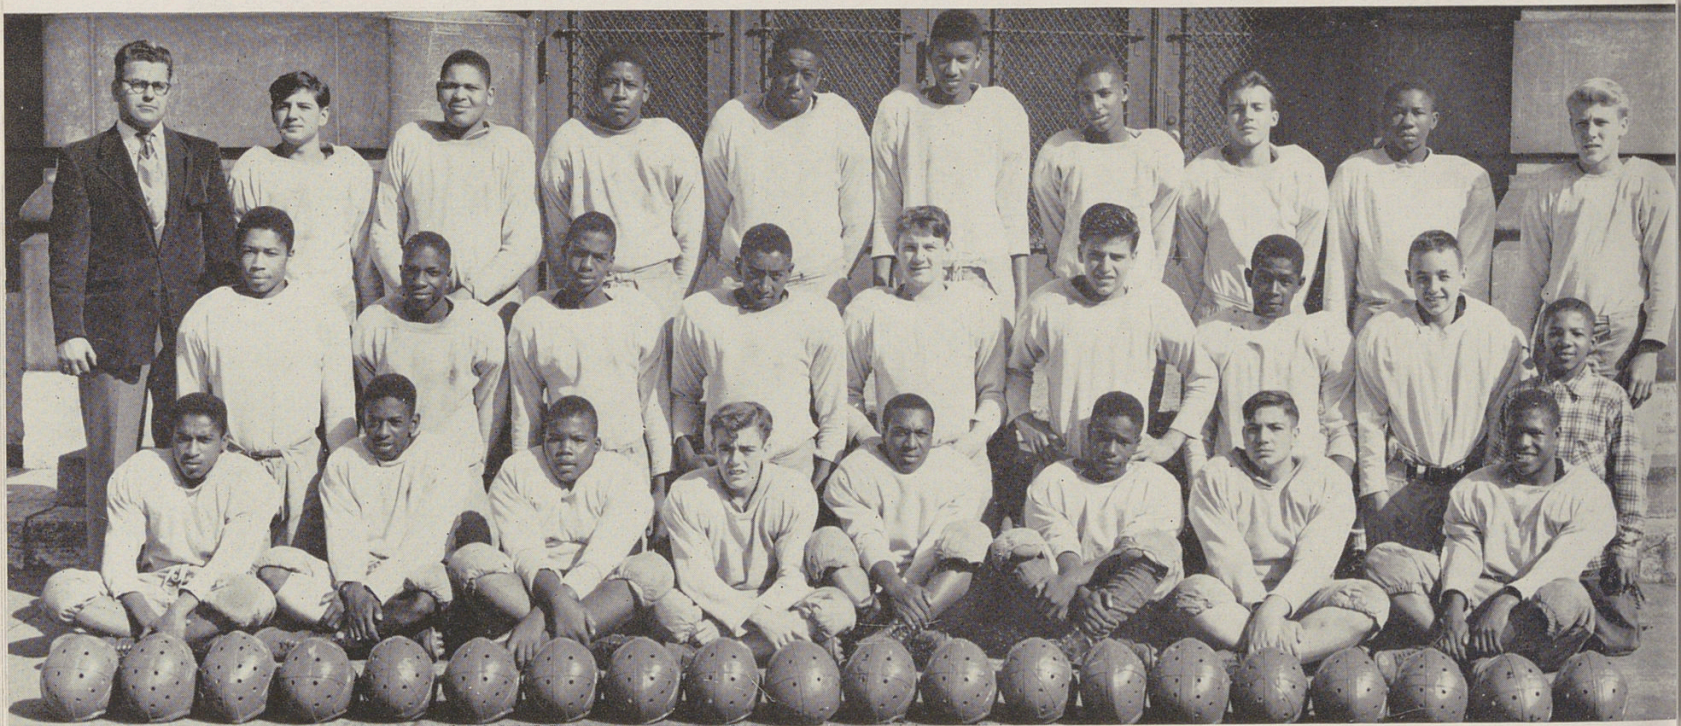

## *Varsity Football*

 MANAGERS—R. Baird, C. Williams, K. Mueller.

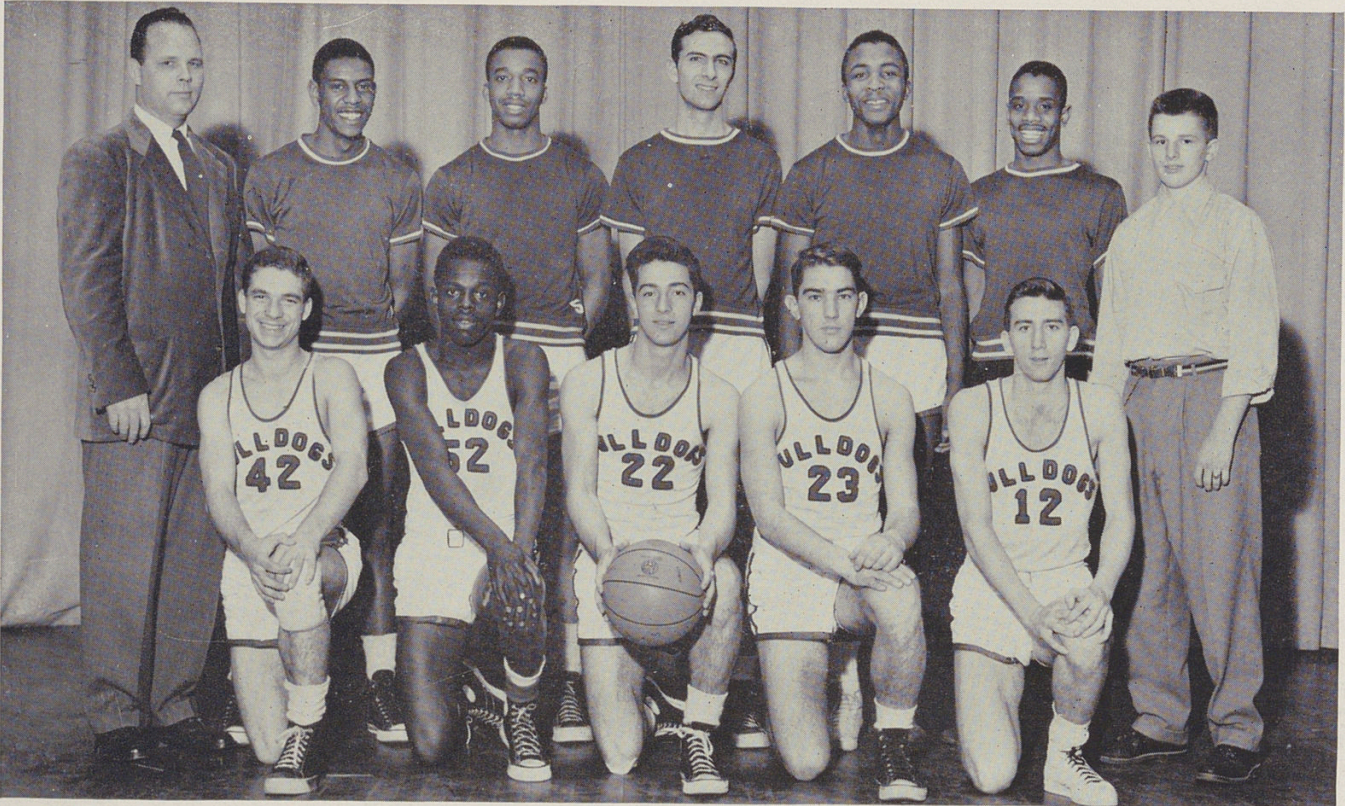

The Freshmen teams in both football and basketball have for their purpose the supplying of material for the Varsity. The tireless efforts of the coaches and the initial experience in high school competition give the boys poise as well as the training in team-work which is essential.

When we see our Woodward girls on the hockey field, in our theatrical presentations or just pursuing their everyday tasks, we have definite proof of how well the athletic department has accomplished its aims.

## *Success Story — American Style*

Just seventy-five years ago the first spoken message was carried over a few feet of wire, connecting two crude telephones. In the United States today, 173 million conversations daily speed over 152 million miles of wire connecting 43 million telephones.

First regarded as a mere toy, the telephone in the U. S. today is an 11 billion dollar business, owned by almost a million stockholders and provides jobs for three-quarters of a million persons.

The industry is big because America is big and requires a huge communications system to keep the wheels of commerce, and society generally, running smoothly and swiftly — yet its cost is low, within the reach of most families.

This is just a typical American success story, possible only under our system of free enterprise which permits free men and women to exercise individual initiative.

## *The Cincinnati and Suburban Bell Telephone Company*
