

MR. G. H. VAN NESS
ASSISTANT PRINCIPAL

Congratulations to the Graduating Class of 1953!

Completion of high school is an achievement of which you can be proud. You have worked hard and have gained both in knowledge and in understanding. The knowledge you have acquired equips you for greater service to your city, state and nation. Education leads one to a greater understanding of people and of life enabling you to live your own lives to a greater and richer capacity. Both you and society benefit from your education.

Your training has made you realize that you have an obligation to the groups of which you are a member. You know the importance of team work in achieving success and the necessity of putting teamwork above selfish desires.

You are aware of the value of hard work, honesty, and persistence. You will not go from Woodward with the expectation of receiving the rewards of life without earning them. The future is yours. May your contribution to that future be influenced by the teachings of Woodward.

Best of Luck!

G. H. Van Ness
