

The Student Council is the one organization in the school which offers a rest place for the problems of the student as well as the faculty. The purpose of this organization is to maintain and enlarge the activities of school spirit with full knowledge that any authority which we may exercise is granted to us in each specific instance by our principal. The members are proud to say that he, our principal, is a member of the Student Council. We believe in democracy, therefore, anyone that is not certain of how a democratic meeting is run, need only to sit in on a Student Council session.

This year the Student Council under the leadership of Martha Dunlap and Mr. Roland Payette has searched deeply to find and solve problems. The activities of the Student Council are not limited. The social program of school spirit has improved tremendously. The one project which the Student Council is most proud of is the Thrift Club. The chairman, Addie Brown, has done a magnificent job in helping to make the club a success. The community work we have done includes assistance to both the Junior Red Cross and the Polio Fund. An annual affair sponsored by the Student Council is the All Sports Banquet. The purpose is to honor those students who have shown outstanding abilities in the field of athletics.

To get the opinion of all the students, Home Room Representatives are chosen to meet and discuss problems which occur in the Home Rooms. Another branch of the Student Council is the executive committee which meets at regular intervals to decide on problems pending. This committee is composed of seven members plus the three officers. The final group is composed of forty members, ten represented from each grade. We use as our motto: "We entered to learn; depart to serve." Officers:

Officers:

Martha Dunlap.....President
 Clifford Williams.....Vice President
 Marilyn Cordrey.....Secretary

(Left to Right) M. Cordrey, M. Dunlap, C. Williams.
