

At the completion of the first year in Woodward High School, the Commercial Vocational Division extends to the members of the Class of 1943 the very best of good wishes for your success, happiness and prosperity. May you face the future feeling that your instruction at Woodward has prepared you to face life's problems with assurance and confidence. May you always feel that you are welcome to come and visit your Alma Mater and may you always carry on and live up to the many fine traditions and ideals that have been handed down to you. May you continue your education, be good citizens of Cincinnati and always loyal to your Country.

MARGUERITE RYAN.
