

the Annual—Three cheers, Kottsy! Last basketball game of the season at Springfield—lost 47-30. There was a good crowd at the Girl Reserve dance. How did you like that Talent Show, or did you?

MARCH

MARCH 1—Dr. Slutz gave a talk to the 11th and 12th grade students about our future vocations. He told us how to make our personalities shine. I'll have to get the polish after mine, I guess!

MARCH 2—Spanish Club at it again. This time something new has been added—a book collection for service men. Good idea and very helpful.

MARCH 3—Saw Al ("I love 'em all") Lewis "fall" for Minerva today. Poor hearts of those freshmen girls when they find out that he's now falling for statues—poor Minerva.

MARCH 4—Senior Class meeting. Caps and gowns wiped out formals 114-21. Ah, relief!

MARCH 5—Play Day and Annual Skating Party at Seff's. Loads of fun. Also received sad announcement that money must be paid for club pictures in Annual.

MARCH 8—Some of the senior boys volunteered for American Legion Drill Class. Better limber up, fellahs, your country needs you.

MARCH 9—Vocational guidance again today. This time we divided into groups. Who should be in mine but Charles ("Master Mind") Baird!

MARCH 10—Honor Cards distributed today. You know it makes Mother and Dad so happy when I get one. Cecil ("What am I saying?") Lakes seen mourning because he didn't get one. Can't understand it!

MARCH 15—Ah! Today the gals had officers of the WAVES, WAACS, SPARS and Marines here. Boy, that Marine was tops! The fellows had Army, Navy and Marine officers. I do think the programs should have been reversed!

MARCH 16—The War Time Council is cooking up a silk stocking drive and has made Helen Kisker Chief Cook, with Lois Mueller, Sylvester Salter and Shirley Rauh as assistants. Why, Sylvester, how did you get in there?

MARCH 17—Carl Maslowski visited us again today and showed us a picture on National Parks. Girl Reserves had a chili supper and a dance afterwards. Ruth Abegglen can really cook! Take note, fellahs! Oh, I almost forgot, the juniors had their pictures taken. Here's hoping they turn out better than those last year. Miss Tenhundfeld still laughs when she thinks of mine. I could, but I won't!

MARCH 21—Everybody's out looking for robins and getting stiff necks. Also, a revival of that song, "Spring Is Just Around the Corner".

MARCH 23—Swimming meet for girls. Counts for two make-up bells. Sounds like a bribe to me!

MARCH 25—Woodward is to have a "Town Meeting of the Air" program. How some people are working! May be the beginning of success for someone. You never can tell!!

MARCH 29—Something new has been thought up to increase sales of War Stamps. Instead of competing on the basis of the amount of sales stamps purchased, rooms will compete on the basis of the percentage of members present who buy stamps. Hope 416 makes the Honor Roll. (Which they didn't!)

MARCH 30—Any prospective aviators in our midst? Aviation aptitude test given today. Can't you just picture Gallenstein in flying togs? And Ruth Gay as an aviatrix! That's really glamour!

MARCH 31—First baseball game of the season. We lost. And after our pitchers have been drinking their "milk for muscle" these long months!

APRIL

APRIL 1—Jack Hoer is to represent Woodward for the town meeting of the air. Good luck, Jack (and this is no April fool joke!)
