The advanced and beginning tap dancing classes have completed another successful year under the supervision of Mrs. Edna Rehkamp. All girls of Woodward are eligible and are placed in either class, according to their ability and experience. Dancing not only develops health and poise for each member but contributes entertainment for her and the student body. The interesting routines which were taught to the classes this year included a cowboy number, a soft shoe dance, and an intricate military tap.

The classes owe much to the expert guidance of Mrs. Edna Rehkamp and would like to express their gratitude to Gilda Terranova for her fine cooperation in playing the piano for the dances.
