

As our high school days draw to a close, we, the members of the graduating class, have to consider the prospect of parting from the halls of our beloved school. This involves a multitude of farewells. Following the example of our predecessors, we, the class of nineteen hundred and forty-six, wish to make use of our Annual to extend to our principal, Dr. Leon D. Peaslee, a farewell which embodies our sincerest thanks for his untiring efforts in our behalf.

Dr. Peaslee has ever been willing to aid us in the solution of our problems and has given unstintingly of his time and energy. He has been a source of inspiration to us and we have ever been able to look to him for guidance during the unsettled times of our high school years. We are grateful for his wise counsel and sympathetic understanding. Dr. Peaslee's firm belief in high scholarship, good citizenship, and conscientious brotherhood has won for him the admiration of all of us who have been fortunate enough to come under his influence. In this he is carrying on the "Woodward Spirit"—the spirit of our school bequeathed to us by our founder. As we leave Woodward, our farewell to Dr. Peaslee includes a sincere hope for the future success of our principal and our school.
