

Rollicking Rollers

The Rollicking Rollers Club was originally organized for the purpose of sponsoring skating parties for the benefit of the Woodward Annual. This year the group has expanded its sphere of activities. In addition to a most successful skating party which it sponsored earlier in the year, the Club has wholeheartedly supported all money making activities given for the benefit of the Annual fund.

The Rollicking Rollers have recently inaugurated the plan of giving private skating parties for the members of the Club and their guests. It is hoped that the Club will grow and that next year it may increase the scope of its activities by adding to its program more social events for the members of the club.
