The Senior Spanish Club of Woodward High School, "Los Conquistadores," is composed of eight students of third and fourth year Spanish. The officers are as follows: Lois Thomas, president; Julia Beraha, secretary; and Christine Davis, reporter. The entertainment committee consists of Ruth Wolf and Donald Swisher.

The Spanish Club is an educational organization and serves as a means of gaining more knowledge about our Latin-American neighbors. The bringing about of a friendly feeling for these neighbors through the understanding and appreciation of their culture and customs is a major undertaking. The many Spanish newspapers and magazines supplied to the members by Miss Miceli, Spanish teacher and director of the club, have proved to be an invaluable source of information.

The group is very proud of its club song, "Los Conquistadores," since the words and music were composed by one of the club officers, Christine Davis.

"Los Conquistadores" is very fortunate in having Miss Miceli as its sponsor because of her extensive travels in Spanish-speaking countries. The members have enjoyed working with her and sincerely hope that the Spanish Club will continue its good work in future years.
