

Study Bells To Telephone Bells

A salute and best wishes to graduates of 1949. We hope some of you will join the telephone organization, become imbued with its traditional spirit of service, and remain to help provide fast, reliable communications through the years.

It is a good place to work, with good pay, excellent working conditions, vacations, thrift plans, medical service, Company-paid pensions and sickness-accident-death benefits.

There is a great opportunity for young men and women in helping to build telephone communications of the future.
