"W" Club

The "W" Club was founded in nineteen hundred and thirty-two by a group of Woodward athletes who made athletic history in Cincinnati. Miss Levi was asked to act as faculty advisor. She accepted, and is still serving in that capacity.

The purpose of the "W" Club is to further the athletic spirit in Woodward. This club is open to any boy who earns his varsity letter in a major sport such as football, basketball, baseball, and gym team. This year, the club sponsored an auditorium session in which Mr. Mueller, a former Woodward coach, spoke on the topic, "The Benefits of Athletics."

The chairman of the "W" Club this year was Ralph Wilkens. During the second semester, he was inducted into the Navy. Gerald Remer acted as chairman for the remainder of the year.
