

We have quite a group of brothers and sisters to tell "goodbye" this 1954 and feeling fraternal we would like to give a word to the wise . . . Dare to be different . . . set your aims high and spend these four, three or two years at Old Woodward striving to reach these heights. We say greetings and farewell to you junior high people, for the time has been all too short to get to know you as well as we would have liked.
