VARSITY FOOTBALL

Supplied with more manpower and being able to use the two-platoon system made our Bulldogs a new aggregation for the opposing teams. Although our team lacked experience because most of them were Soph's and Juniors, foes respected their "you may win, but it won't be easy" attitude. They weren't as heavy as some of the other teams, but what they didn't have in weight they made up in stamina. The Bulldogs were one of the "fightingest" teams in the league.

They lost games as we expected and we were prepared for, but they made up for each loss with some terrific victories. The guys who predicted scores were kept busy trying to decide whether our Bulldogs were going to win or lose. They were steadily upsetting the apple cart, winning when they were predicted to lose and losing when slated to win.

The first battle was fought on foreign soil. It was a fight all the way and the Bulldogs emerged victorious. A strong Western Hills team provided the next opposition. The Bulldogs hadn't beaten the Maroons in quite a few years. Upset was resounding in the air so loud it seemed a part of every Woodwardite. With determination our fellows set out upon their task. It wasn't until the last seconds of the game with West Hi leading 7 to 6 that a terrific pass and a sensational catch won for the Bulldogs 12 to 7.

Among the most memorable of the remaining games was the 20 to 6 victory of our traditional rival Central and the 14 to 12 set back at the hands of the Tigers of Withrow.

Winning or losing, Woodwardites will always cheer and support the blue and white.
