

## RESERVE FOOTBALL

Reserves are varsity material in the making and this year's crop was no exception. The fellows who made up this year's reserve team had their eyes on the goal of making the varsity from the first day of practice. They soon found out that they had only taken a baby step scrimmaging among themselves. Their next step was to become practice material for the varsity. Practicing with the varsity toughened up the "Pups" and gave them added experience for their own games. These games were very important because a fellow showing in a reserve game indicated what type of material he might become for the varsity. Some reserve players soon participate in Varsity games because of their fine showing made as reserves.

Reserve Football is no soft touch. It's really rugged and the only difference between reserve and varsity is the know-how. Our reserves put up some terrific battles. Outplayed, but never outfought, the "Pups" as far as winning goes, weren't too successful. Those bitter defeats never broke their spirit and they accomplished what they set out to do; to prepare themselves to fill the vacant varsity spots.

Fellows such as Willie Jordan, Madison Haskins, Bernard Williams, Robert Byrd and many others will be in there fighting for the Bulldogs next year.

## FRESHMEN FOOTBALL

This year the freshman team lost Mr. Kraushar to New Woodward. In return we received two new coaches, Mr. Mac Mann and Mr. Sensel. It all started with the announcement for all ninth graders interested in football to come to practice. This year's team was also made up of seventh and eighth graders.

Most of the boys were inexperienced and green about the game. After a few weeks of hard practice the men were separated from the boys. When the uniforms were handed out the boys who made the team were sticking out their chest and smiling. Those who failed only said "wait 'till next year."

Although our boys only won one game they gained the experience that will help them next year on the reserve team.

### SCORES

Woodward	7	Withrow	26
Woodward	0	Porter	26
Woodward	7	Hughes	12
Woodward	0	Western	25
Woodward	2	Walnut Hills	7
Woodward	6	New Woodward	0
Woodward	0	Central	28
