A swimming team was something new to many students at Woodward this year, because it has been quite some time since we have had an organized team.

Mr. Sensel, our swimming coach, had a difficult time shaping up this year's team. Most of the boys were Sophomores and Juniors and were very unexperienced in the aquatic arts.

They are a scrappy bunch though and they had the Woodward spirit. Our team met some really stiff opposition, such as the perennial tournament-bound Walnut Hills Eagles.

Although they weren't able to win any meets, their showing was always respectable. Anchored down by Ed and Hiram Thomas, this year's splash stars, our team didn't drift apart, but remained a fighting unit.

Row 1—Ted Harrison, Sam Harris, Lonnie Bell, Robert Sutherland.  
Row 2—Bill Canter, Don Lattimore, Willie Anderson, Henry Saxton, Robert Davis.

## CROSS COUNTRY

Courage and supreme endurance are the requirements for a cross country man and Woodward has the fellows that are able to meet these requirements. For the first time in the last three or four years, Woodward has a Cross Country team. Mr. Canter, Cross Country coach, really did a wonderful job. We had three city meets and although our boys didn't win a championship, they weren't last. They registered victorious over Withrow and Walnut Hills.

After the city meets came the district and the fellows who qualified in the district meets went to the state meet. Lonnie Bell went to the state meet for the good ol' blue and white and made a very respectable showing.

However, next year Coach Canter will have to start all over again because he has no lettermen returning. Alas and alack.
