

TRACK

Flashing down the track is a fleet runner, Timothy Brown. His effort and determination is evident from his facial expression. By the way, he made it.

Woodward's "cinderman" represents one of the oldest known sporting events. To enter this activity a fellow must be physically fit. Our coach, Mr. Bathiany realizes this and knows how to work our fellows into condition.

Perhaps you have passed our gymnasium doors some evening and thought the building was falling apart. That was only the track team having their daily workout.

For every ounce of training the track team gets, it will be useful because this year we have one of the strongest track teams we have had in some time. We are especially strong in the field events such as shotput and discus throw.

Leon Thornton, Marion Edwards, Lonnie Bell, and Exelon Shaw (who won two events in our last track meet) are the mainstays of the team.

The teams in the Public High School League are evenly balanced this year and with a few breaks our team could win the championship.
