

The graduating class of 1947 will step out into an adult world where all thinking men and women have come to the conclusion that a spirit of brotherhood — not alone of American brotherhood, but also of world brotherhood — is not only desirable, but necessary, for a continuing and expanding civilization.

At Woodward High School, students have been demonstrating for many years, not only the necessity of such an attitude toward life and living, but also its workability. In this historic high school we have enrolled some fourteen nationalities, students who are members of four of the five races of mankind. Student body and Faculty work together in harmony and in mutual respect. What Woodward can do the World can do. Go into all the world and carry the Gospel of the brotherhood of man, a gospel you have learned at Woodward.
