It is the task of my entire family to raise me respectfully.

Linh Hong Tran

Mr. Tran came to the United States three years ago from Viet Nam. When he entered Withrow he could speak no English. But despite this handicap he took on the challenge and learned the language and became the class of '95 Salutatorian. Our hats off to Linh for his outstanding accomplishments. Linh has received numerous awards in math and chemistry. Linh Tran plans to attend Ohio State where he will pursue a career in Chemical Engineer. Linh Tran is a dedicated and outstanding student. Good Luck and Congratulations!
