
Relief for Rheumatism

ANY ONE afflicted with rheumatism would be happy, could they find relief from the aches and pains incident to this disease. The Rheumatic Remedy Company, of Cincinnati, Ohio, sends a formula for making a liniment, which will help you, if you suffer from this most distressing complaint. Many people have been cured by the use of the Rheumatic Liniment, and those who had rheumatism, and who found no relief elsewhere, were benefited by its use. We do not sell you a medicine, but for the small sum of fifty cents (50c) we will send you the formula for making this valuable liniment, which you can make in your own home, or have the druggist put up for you at small cost. It will not only help those who are afflicted with rheumatism, but it is also valuable to use for cuts, bruises, burns, blisters, chilblains, inflammations, insect bites, cold in the chest

and headaches. The liniment is intended for external use only. Many people are afflicted with headaches, and relief soon follows its use. Remember, we have no medicine to sell—only the formula for making the liniment, which will be sent to any one sending fifty cents to pay for the same. Full directions for use accompany the formula sent.

Every person sending for this formula will agree to hold the same confidential, and not tell any one outside his own family, the formula for making the liniment. Send money or stamps, and return this leaflet when writing.
