

The Log

Producing a yearbook is a time consuming task that requires time and dedication. The student body response to working on the Log was almost non-existent after several months of announcements. But thanks to Editor Joel Pravda and Assistant Editor Lori Mills and a few other dedicated students there is a 1989 yearbook. Lori and Joel, pictured above right, along with Betsy Warzon, Rick Juneja, Kayoko Matsumara, Mrs. Kitchen's composition classes, and various other contributors worked many hours to compile the Log.
