

## Academic Team

1988-1989 was the first year ever for the Sycamore High School Academic Team. Mr. Joe Powell, Mr. Jim Thomas, and fourteen enthusiastic participants received fifth place in the Greater Miami Academic and Athletic Conference with a regular season record of 3-4. They also finished the season with a third place win in the tournament. Although practices and tournaments took a lot of time and preparation, both Mr. Powell and Mr. Thomas are optimistic about coaching again next year . . . "and the Sycamorons will prevail!"

## National Honor Society

The Sycamore High School National Honor Society, advised by Mrs. Lois Lambert, inducted 44 new members this year in addition to 26 returning members. NHS service projects for 1988-1989 included the record breaking Canned Food Drive in February and the Little Miami River Clean up in June.
