

SPORTS

The Sports Program had its best year of competition in the Greater Miami Conference, one of the most prestigious leagues in the state. The Ave's male and female athletes captured league titles in golf, boys soccer, girls tennis, girls basketball, girls swimming, boys tennis, chess, and academic team. Also, the girls and boys water polo teams and gymnastics team qualified for state.

Sycamore won the GMC all sports trophy by 91/2 points over five time champion Lakota.

Sycamore had two state championship teams: girls water polo for the fourth straight year, and the doubles team of Brad Goldberg and Scott Marshall won the tennis title for the third straight year. The boys water polo team, boys tennis team and gymnastics teams all qualified for state. There were 19 athletes who qualified individually for state.

Many underclass teams also were successful by winning league titles and challenging many long time incumbents. With all of these accomplishments, this year's sports program was truly making their mark.
