The team this year focused on improving their past season's records. This year's record topped the last four years which was a huge accomplishment.

In regards to the improvement this year **junior Camryn Mather** said, "Although it was far from a winning season, there was so much determination seen on the court this year. We came together as a team and gave the other teams a good fight in most of our games.

There's a lot of potential and I'm excited to see how the next season plays out."
