

DRAINING SHOTS

By: Samantha Miller

This year the Lady Aves had an overall great season with an ending record of 9-7.

Mallory Comerford, 12, would describe the season as "unforgettable." She also reminisced on the season by saying, "Our team has been through so much together and it has truly shaped each and every one of us! I am so thankful for our whole team and the relationships we built. I will never forget the 'Free Shirt Friday's' where we

would all wear boxers to practice and especially all of our trips in the country. I am so sad this is my last season of basketball but am also very thankful to leave knowing all of these great gals!"

Senior Morgan Bates said, "This season has been really fun. We have so much talent so it was very exciting to play competitively against very good teams. As the season went on we all became better basketball players and friends."

1. Brianna Counts, 10, looking to pass the ball to an open teammate.

2. Mallory Comerford, 12, sliding to defend the ball.
