Freshmen and JV Girls Basketball had a great season this year. "Both JV teams improved throughout the season. The loss of players due to injury allowed others to step up and gain valuable playing experience. Each individual on the team grew as a player, as well as a person," said JV coach, **Mrs. Gilbert.**

Basketball embodies the significance of a team sport. The girls rely heavily on one another. The bond formulated is that of a sisterhood. **Lauren Gause, 10** said "I'm really going to miss the Seniors next year. They were very influential this year, like a bunch of really good big sisters."

UNITED WE WIN

"This is a ride or die kind of team. Every game, we live and die together on that court."

- **Keikei Sheridan, 10**
