NOTHING BUT NET

This season was one to remember. **Senior Davis NiBlack** talked about how the season went. "This season was one I will never forget. I always knew that whatever game we were playing, my teammates would fight and put everything that they had into every second and I couldn't ask for anything more. This season created brotherhoods between me and the guys on the team. I will be ever so grateful. Senior night is a game that I will never forget with a group of guys I have seen grow and develop into fantastic young men."
