

CAN'T CHECK THIS

By: Alyssa Jones

Even though the hockey team didn't end with a winning season, they all took away unforgettable memories. With a team stacked with seniors, the team always had great energy, especially on senior night. On January 13, they played Mason in their last home game at Sports Plus against rival, Mason.

Senior Carson Cambre talked about his favorite memory "I always

loved the atmosphere of hockey. Throughout all four years of the sport, the more I invested myself into it, the more I began to enjoy it.

The team changed and its members varied a lot while I was there, but the sport remained the same. This year was special because over half of us were seniors which means it could be the last year for the hockey team."

“

"Senior night was extremely special for all of us seniors. Not only did we win, but we beat Mason!"
