

"One thing I will remember in 20 years from this season was when Jozy and Libby took kickboards and tried to go sledding outside in their swimsuits."

-Ryan Carmody, 10

AQUA AVES

By: Ellie Armstrong

The Lady Aves truly embraced their sense of family. They came together no matter the time to dominate the pool with determination and grit in practice and meets.

"We all have this common goal of having fun when we get up on the block and trying to out touch one another. Our coach has told us that he has never seen the girls team so close, and I take that has a bigger victory than winning a race," said **Anna Campbell, 12.**

Victoria Schwegmann, 10 said, "This season was so different because we were all a family. It didn't matter what grade you were in or how fast you were we had a really close team that was so fun to be a

part of."

"Our team is a lot closer than in previous years. We all make an effort to talk to everybody, and even our coaches noticed how strong our team bond is!" said

Jessica Lu, 12.

Relays with **Elizabeth Van Den Brink, 12, Anna Campbell, 12, Marissa Allen, 11, Emma Allen, 10, Abigail Perun, 10, Morgan Thompson, 10** and **Sophie Campbell, 10** made Third Team. Van Den Brink also received an individual third team. Thompson also got an individual Honorable Mention.

The team won second in the GMC and had six individuals and all three relays qualify for Districts at Miami University.
