

"My favorite meet of the season was the golden batons race because it was one of our biggest home meets. Also, we got to run unique relays that most meets don't usually have for us to run."

-Claire Laneve, 10

FULL SPEED AHEAD

By: Alyssa Jones

This year was all about improvement and fun, especially with such a large senior class.

Senior Olivia Anaple said, "I have had a great experience running track at Sycamore. I enjoy getting closer to teammates at practice and at meets. It's always fun to cheer for other Sycamore athletes as well!"

"My favorite part of track meets is after I run my event because then I am so relieved

to be done. I love getting to cheer on the rest of the team and watch everyone else compete. Also, I like warming up with the team and other people competing in the same event as me so I can take my mind off of my race and just talk. Meets at Mason are especially fun because everyone from the team comes and a lot of alumni come and we just form a huge cheering section!" said **Elizabeth Van Den Brink, 12.**

"I love track because I get to run with an amazing group of people! It doesn't matter if we are warming up, running a workout, or what. My team mates along with my coaches always know how to make me laugh and smiles!"

-Marissa Thorp, 10
