

GYMNASTICS

Seniors Anna Cummins and **Alyssa So** are part of the gymnastics program and travel to different competitions.

"Since we only have two girls on the team we practice with Cincinnati Country Day. It has been fun meeting new friends through ups and downs of the sport. It's been nice to see my teammates kill it when they compete after falling or face planting in practice."

- **Alyssa So, 12**

ULTIMATE FRISBEE

"The frisbee team has grown a lot after a few tough losses near the beginning of the season. When we started winning more and more it was great to see how the team started working harder and getting a lot more competitive. Seeing a team with a lot of new players become one is amazing. Through the regular season we ended with a 4-3 record," said **Captain Nicholas McDonough, 12**.
