

# potter? or puffs!

*Kelly Donovan, who starred in the fall play "Puffs," shares her experience.*

Puffs was an amazing experience. It felt amazing to be able to get to know all the underclassmen in the show, and to be able to portray a character like 'Megan.' The show was a favorite for many, especially since it was all about Harry Potter. I will always look back on Puffs and smile, and I couldn't be happier with the outcome and friends I made." **-Kelly Donovan, 12**
