

make some noise

The cheer team is one of Sycamore's pride and joys. They are at every game, every school event, always working hard to keep school spirit up and bring a smile to everyone's faces. The elementary school cheerleaders look up to our cheer team, just as the current high schoolers did when they were young. Their contribution to our school is immeasurable.

This year has been a nice return to normalcy for the cheer team; **Ella Wooley, 11**, says, "Compared to last season the vibes of the football games this season have been so much fun. We are able to have a student section again and play all 10 games. Last year all competitions were canceled and this season we got to compete twice." Just like most sports teams, the cheerleaders were able to have a regular season again. But they also helped other sports to have normal seasons. Thanks to the cheerleading team hyping up the Ave Cave, football games were back to normal this year.
