

How would you describe this year's team?

Coach Henry Reid: "This 2021 JVB team dynamic was filled with joy, accountability, and commitment to each other."

Coach Benjamin Hasselbeck: "I would describe the team dynamic as 'family.' That is one thing I always stress, we can be hard on each other in practice to give more effort and put our best versions on the field, but we always have each other's backs no matter what and I always enjoy watching the guys become friends off the pitch. Especially with the fact that we have freshman, sophomores, and juniors and many of them are meeting and playing together for the first time during the soccer season."
