

LET'S GO TO THE BEACH

Over winter break, the basketball team took a trip to Florida to play in a tournament and work on team bonding. **Senior Captain Ben Southerland** said, "It is always good to just that experience under your belt. I would say that the overall trip is to get away because basketball is such a long season so that sort of break and difference is good for the team. While the trip is meant for just a fun holiday trip it is still about going down there and competing every single day and doing the best possible."

"You feel the culture of the team every-day in practice and in the locker room"

-**Bryce Darbyshire, 11**
