

It felt really rewarding ending the season on a good note”

- John Carmody, 11

For five of the Aviator swimmers, their season continued all the way to state. **Seniors Bishop Carl** and **Avery Clapp**, **juniors Bryce Menchhofer** and **John Carmody**, and **freshman Evan Preissler** loved the opportunity to compete for the school. But even before the championship meet, memories were made. “Just during the regular dual meet season, we have had so many incredible moments... The guys team played poker at our first and only pasta party (STUPID COVID!), and we all had fun there,” Carl said.

bingo!

(noun. Used by some divers as an exclamation when every judge gives a dive the same score)

This year, **seniors Anelise Kim** and **Preston Landolt** won GMC titles, placing first in both the girls and boys diving conference meet. This was Landolt's third consecutive title, but it was Kim's first time winning. It's also the first time in over 15 years that a Sycamore student has won the girls GMC conference meet! Both divers went on to compete at state championships, and Kim podiumed, placing 7th at her first, and last, state meet ever.
