

# ten out of ten

State or graduate? This year, three members of Sycamore's boys varsity gold tennis team had a unique decision to make: compete in the state tennis finals, or attend their own graduation ceremony that was happening at the same time. For **seniors Kevin Dong, Mark Karev, and Chad Miller**, the choice was clear: represent the school at the state competition. Making the day special in a different way, the boys watched a live-stream of the ceremony from the courts in between their matches. And, all of their hard work and sacrifices were worth it: the team won the competition, earning the title of state champions.
