

make a racket

JV Boys Tennis team compete their way through the season.

As friends both on and off the court, the Boys JV Tennis team is succeeding as a unit and as individuals, better than ever. The entire Sycamore Tennis Program is relatively close with each other, with most of the players seeing each other as friends and peers, "...everybody's really a whole on the Sycamore Tennis team and everyone really likes each other," said **Palash Kapoor, 10**. While many see tennis as a solo sport, all of the boys being really close separates Sycamore from other tennis programs. "For me, personally, I knew a lot of the sophomores because we have had classes together...and with the juniors and seniors we got to know them as we played more matches and after we started going out to dinner after matches," Kapoor said. It is clear that the team's bond and talent continue to help them succeed, as seen in the team winning nearly 80% of their matches this season.

TEAM SPIRIT

A few players share their experiences on the team.

"...you learn to get better along the way and there is good team camaraderie."

NEEL NIGAM, 10

"It's our really kind nature. I think all of us are really nice and we're really good sportsmen."

PALASH KAPOOR, 10
