## INSIDE SCOOP

*What is something you want to improve?*

"I love to work on team chemistry and that could always be better! I think our bond on the team is so great and I love trying to get better at it."

*What inspired you to join lacrosse?*

"I have been playing lacrosse all my life, so for me, it was just the next step but I am so glad I did! It has been so great to have that outlet and family in the lacrosse team."
