Being your mother is my greatest joy and the most precious gift. You are intelligent, talented, driven, and you feel and care so deeply. I have watched you work hard and chase your dreams. I am in awe of your desire to be and do more. I am proud of your willingness to use your voice in so many ways that impact others. You are a bright light. You are off to do amazing things! I have no doubt that it will be a wonderful journey.

I love you
