ASHLEY HOGAN

Ashley, we Googled what to say here but it was too boring and sounded like everything else. Instead, we used Bing and here's what it said: Your true self is one of perseverance, caring, and hard work. We celebrate this milestone with you and recognize that there are many more wonderful things that you will achieve. When your future family reads this yearbook, remind them that Bing used to be a pretty good web search engine.

Love, Mom and Dad
