

fright night

senior halloween

Senior Halloween is a fun event that is celebrated every year. During the school day, all of the seniors dress up in their fantastic halloween costumes. They have fun dressing up with their friends and have a spooktastic Halloween! The different costumes that you would see in the halls and the creative works of our seniors are really mind-blowing. There are so many different variations of seniors who dress up in groups, which makes it more exciting. There are many unique costumes that are presented to us, and that is one of the best parts for the underclassmen who get to watch as our seniors shine.
