SET UP FOR SUCCESS

A successful junior shares her story on the team.

Ava Mirande, 11, has reached a major milestone in her high school volleyball career: She has received the award of 1,000 Assists, meaning she has set her teammates up for a kill more than 1,000 times. Mirande explained to us, "I am super honored of how cool this award is, but it also takes a team effort for it to happen." She has been setting on Varsity since her Freshman year, and came into her freshman season feeling quite nervous, but she has grown to love her role on the team.
