

"The past four years have been nothing but fun. I made so many good friendships and learned so many leadership skills. Play Sycamore Waterpolo. It will change your life"

Adrian Banke, 12

NEW HAIR WHO DIS?

Senior year calls for crazy changes. **Senior Angel Chacon** decided to go big or go home for the Senior season and switch up his hair. "What prompted me to do the hair was to try something new. I had seen the TikTok trend and it's something that I've wanted to do since sophomore year. Since it was my last year of high school I did it." The hair was a hit among the Senior class—and all of his teammates. It was the perfect way to end a great four seasons of waterpolo. "Scoring a goal against Saint X my sophomore year was probably one of my favorite memories. Seeing every- one go crazy is what motivated me to keep playing. And it gave me the chance to meet lifelong friends."
