ultimate frisbee

FUN FACTS

There are multiple pairs of siblings on the team.

Ultimate Frisbee was introduced to the world for the first time on Independence Day in 1970.

The end zones in Ultimate are twice as big as those in Football.

SIBILING SPOTLIGHT

Read on to learn more about sibling duos on the team.

One interesting thing that is showcased on the frisbee team is an array of siblings. Two pairs of siblings are Jada and Sam Pressman, as well as Shane and Ari Wethaiser. Ultimate Frisbee is a very connected sport between all of the teammates on the field, and these two pairs make it even easier to have that bond to make the team better! "This sport is even more fun to play with my brother. This fall we got to play together and we were nicknamed the 'Pressman Connection' when we played together!" says **Jada Pressman, 12.**
